Washington, DC 20590

October 29, 2018

Mr. Todd Fronckowiak  
Assistant Director, Global Automotive Safety Compliance  
Ford Motor Company  
Fairlane Plaza South, Suite #500  
330 Town Center Drive  
Dearborn, MI 48126-2738

NEF-150JK  
18V-707

**Subject:** Rear Wing Hydraulic Fluid Leak may Cause Fire

Dear Mr. Fronckowiak:

This letter serves to acknowledge Ford Motor Company's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

FORD/GT/2017-2018

**Mfr's Report Date:** October 9, 2018

**NHTSA Campaign Number:** 18V-707

**Components:**

STRUCTURE

**Potential Number of Units Affected:** 176

**Problem Description:**

Ford Motor Company (Ford) is recalling certain 2017-2018 Ford GT vehicles. The rear wing valve block may leak hydraulic fluid.

**Consequence:**

A hydraulic fluid leak in the presence of an ignition source can increase the risk of a fire.

**Remedy:**

Ford will notify owners, and dealers will perform a software update to the fully integrated vehicle controller, which eliminates the possibility of excessive pressure in the valve block assembly. Some vehicles will have a rear wing hydraulic check valve installed and will have the o-rings and the filter replaced, if needed. The repairs will be performed free of charge. The recall is expected to begin November 26, 2018. Owners may contact Ford customer service at 1-866-436-7332. Ford's number for this recall is 18S29.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

Please be reminded of the following requirements:

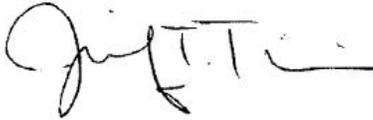

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Jennifer Kruger who may be reached by phone at (202) 366-2461, or by email at [jennifer.kruger@dot.gov](mailto:jennifer.kruger@dot.gov). We look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Jennifer Timian". The signature is fluid and cursive, with the first name being the most prominent.

Jennifer Timian
